THE "BELLE OF THE BALL."

Would not have been half so charming if she had not been wise as well as pretty.
The reason is easy to find: Rare Perfumes lend added charm to beauty and the above young lady was posted. Backed up her judgment, too, by supplying her "perfume wants" at the right place;

PUTNAM STREET DRUG STORE.

The "Belles" all know our stock of "society odors" is most complete.
One thing is certain—you may forget us, but the remembrance of our DELICATE, RARE and LASTING perfumes will linger longer with you than the memory of the "last rose of summer."

—Business in oil circles at Cairo is still booming. The excitement occasioned by the first of the recent good strikes has abated somewhat, but there is still remaining enough to cause the putting down of a great number of wells on a small amount of territory. The town lot craze, which has repeatedly proven so disastrous in different places, has struck Cairo with all its fury and what the outcome will be time can only tell. From the present indications it is thought that the field will be an extensive one.—Parkersburg Journal.

Pure blood is the secret of health. Parkcock Blood Bitters insures pure blood.

A brilliant complexion is a beauty in itself. It pleases the eyes of thoughtless people and the minds of thinking people. They know that a really good complexion is a sign of health, and created by Nature. There are different ways of imitating a fine complexion: cosmetics, which deceive nobody, but ruin the skin and make the user look silly and prematurely old; stimulants which only give a temporary flush; dangerous drugs which drive pimples disorders from the face back into the blood. All these "counterfeit" complexions are unsafe and easily detected. But the genuine, unmistakable, much-admired color and clearness of health can only be obtained by clearing all bilious matters and humors out of the blood.

The first step towards creating a good complexion by Nature's own method is to get the blood clear, and the circulation free and active. There is no complexion so salubrious, muddy or pimply but it will be cleared and brightened by Dr. Pierce's Golden Medical Discovery. It is the best natural complexion-maker on earth. It sends the fresh glow of real health to the cheeks by thoroughly clearing all bilious and eruptive humors out of the blood. It strengthens the digestion and regulates the bowels in a mild, natural way. It gives brighter color to the blood, and not only beautifies the complexion but makes the eyes brighter and the breath sweeter.

If the bowels be very much constipated, it will be advisable to take small doses of Dr. Pierce's Pleasant Pellets, conjointly with the use of the "Golden Medical Discovery." One or two each day—just sufficient to get their laxative and alternative, or blood cleansing, effect will be sufficient.
